
INVITATION

AQUAMAX Final Meeting, Brussels, Belgium
29th June 2010

AQUAMAX: Sustainable Aquafeeds to Maximise the Health Benefits of Farmed Fish for Consumers
www.aquamaxip.eu

AQUAMAX is a 4 year EU funded project which began in March 2006. The project has 32 partners from throughout Europe as well as China and India.

AQUAMAX addresses the balance between reducing both the use of marine resources and the levels of persistent organic pollutants in fish meal and fish oil while preserving the health benefits of farmed fish and maintaining high levels of omega 3 fatty acids. The strategic goal of AQUAMAX is maximum replacement of fish meal and fish oil in fish feeds by sustainable, alternative feed resources to produce healthy fish. This includes research in fish nutrition, human nutrition, toxicology and public perception of farmed fish.

The final General AQUAMAX meeting will be arranged in Brussels Belgium at the Square Brussels Meeting Centre.

Venue: Square Brussels Meeting Centre (Glass Entrance etc, rue Mont des Arts, B-1000 Brussels)

Date: 29 June 2010

Registration: To register for the meeting please send an e-mail to Unn Myklebost (umy@nifes.no)

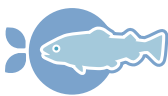

Deadline: 1st June 2010

Agenda

0900		Welcome by DG Research
0910		Introduction to AQUAMAX by Coordinator Prof. Øyvind Lie
0930		Development of feeds based on sustainable alternatives to fish meal and fish oil by director of programme 1 Prof. Sachi Kaushik
1015		Questions and discussions

1030

Coffee break

1100		Health benefits of fish consumption, with a focus on pregnant woman and allergic diseases by director of programme 2 Prof. Philip Calder
1130		Questions and discussions
1145		Safety of fish farmed on the new feeds developed in AQUAMAX by director of programme 3 Prof. Anne-Katrine Lundebye Haldorsen
1215		Questions and discussions

1230

Lunch

1400		Perception of farmed fish by the public/consumers and the scientists by acting director of programme 4 Dr. Anne Katrin Schlag
1430		Questions and discussions
1445		Impression of the AQUAMAX project by European Commission, Directorate General for Health and Consumers Mr. Frans Verstraete

1510

Coffee break

1540		Views of AQUAMAX by Secretary General of FEFAC Mr. Alexander Döring
1600		Closing remarks by the coordinator
